WHY YOU SHOULD CHOOSE CPPL

Construction Professionals Pte Ltd (CPPL) is Singapore's longest serving infrastructure and building construction professional organisation. We are committed to the highest standards for our people, our industry, and our communities.

As an Autodesk Authorised Training Centre (ATC), CPPL is cultivating the next generation of AEC professionals with the most advanced learning and development courses.

KEY COURSE INFORMATION

- 3-day training (9:30am-5:30pm)
- CPPL Training Centre at I North Coast
- As CPPL is an e2i-supported training provider, NTUC union members are eligible for UTAP training fund
- Course includes:
 - Use Revit to set out a landscape model
 - Handling hard and soft landscapes
 - Manage topology surface
 - Load families for site designer
 - Create, modify and delete site elements
 - Create a masterplan and develop reports

ASSESSMENT AND AWARD

Participants who meet the attendance requirement will be awarded the *Autodesk Certificate of Completion*.

WHO SHOULD ATTEND THIS COURSE

Recommended for BIM modellers, project coordinators, designers, architects, landscape architects/designers, project managers and professionals who need hands-on training.
