

## INTRODUCTION

Optimise your investment in Revit® by learning how to operate Dynamo, an visual programming platform for designers. Dynamo is a graphical programming interface that is installed as part of Revit, and it empowers you to customise your building information workflow. With this skillset, you will boost productivity and efficiency in BIM workflow.

## COURSE OBJECTIVES

- Gain the ability to communicate and interact effectively using Dynamo in parametric modelling
- Gain more effective application of Revit in BIM workflow

## REGISTRATION

To register (course code CPARD000), scan this QR code or visit [www.constructionprofessionals.com.sg/course-index](http://www.constructionprofessionals.com.sg/course-index)

## WHY YOU SHOULD CHOOSE CPPL

Construction Professionals Pte Ltd (CPPL) is Singapore's longest serving infrastructure and building construction professional organisation. We are committed to the highest standards for our people, our industry, and our communities.

As an Autodesk Authorised Training Centre (ATC), CPPL is cultivating the next generation of AEC professionals with the most advanced learning and development courses.

## KEY COURSE INFORMATION

- 1-day training (9:30am-5:30pm)
- CPPL Training Centre at I North Coast
- As CPPL is an e2i-supported training provider, NTUC union members are eligible for UTAP training fund
- Course includes:
  - Understanding Dynamo and its interface
  - Dynamo use cases
  - Hands-on exercise in Dynamo-Revit interaction
  - Hands-on exercise in data manipulation

## ASSESSMENT AND AWARD

Participants who meet the attendance requirement will be awarded the *Autodesk Certificate of Completion*.

## WHO SHOULD ATTEND THIS COURSE

Recommended for BIM modellers, BIM coordinators, project coordinators, designers, architects, engineers, project managers and professionals who need hands-on training.
