

## INTRODUCTION

Learn to use Enscape™, a real-time rendering, visualisation, and virtual reality software, to view your rendered 3D project instantly from within Revit® BIM software. In this way, you will gain the capability to view your model in an accurate and realistic 3D visualisation as you design and see how the project may look or function in real life.

## COURSE OBJECTIVES

- Be capable of rendering 3D visualisation in real-time
- Empowered to drive more effective collaboration with stakeholders throughout the design process

## REGISTRATION

To register (course code CPBRE000), scan this QR code or visit [www.constructionprofessionals.com.sg/course-index](http://www.constructionprofessionals.com.sg/course-index)

## WHY YOU SHOULD CHOOSE CPPL

Construction Professionals Pte Ltd (CPPL) is Singapore's longest serving infrastructure and building construction professional organisation. We are committed to the highest standards for our people, our industry, and our communities.

As an Autodesk Authorised Training Centre (ATC), CPPL is cultivating the next generation of AEC professionals with the most advanced learning and development courses.

## KEY COURSE INFORMATION

- 2-half day training (9:30am-12:30pm)
- CPPL Training Centre at I North Coast
- As CPPL is an e2i-supported training provider, NTUC union members are eligible for UTAP training fund
- Course includes:
  - Types of visualisation in Enscape
  - Enscape in Revit – e.g. rendering, navigation, view
  - Rendering – e.g. quality, fixing 3D model errors, styles

## ASSESSMENT AND AWARD

Participants who meet the attendance requirement will be awarded a *Certificate of Completion*.

## WHO SHOULD ATTEND THIS COURSE

Recommended for Revit users including BIM modellers, BIM coordinators, project coordinators, designers, architects, engineers and project managers.
