

## INTRODUCTION

The adoption of Building Information Modelling (BIM) in the building and construction industry is growing. Amidst this environment, the Building and Construction Authority (BCA) of Singapore has developed a BIM Execution Plan (BEP). This course will help you understand BEP, strategies for effective BEP, overcoming common issues of an execution plan, and many more. Through this course, you can develop your own BEP with reference to the BCA BEP Guide.

## COURSE OBJECTIVES

- Gain ability to develop an effective BEP
- Gain understanding about BCA BEP Guide for built environment projects in Singapore

## REGISTRATION

## WHY YOU SHOULD CHOOSE CPPL

Construction Professionals Pte Ltd (CPPL) is Singapore's longest serving infrastructure and building construction professional organisation. We are committed to the highest standards for our people, our industry, and our communities.

As an Autodesk Authorised Training Centre (ATC), CPPL is cultivating the next generation of AEC professionals with the most advanced learning and development courses.

## KEY COURSE INFORMATION

- 1-day training (9:30am-5:30pm)
- CPPL Training Centre at 1 North Coast
- As CPPL is an e2i-supported training provider, NTUC union members are eligible for UTAP training fund
- Course includes:
  - Essentials – e.g. BIM strategies, process workflows
  - Collaboration and communication – e.g. Common Data Environment (CDE), file sharing exchange platform
  - Technology – e.g. drone inspection, virtual walkthrough consideration

## ASSESSMENT AND AWARD

Participants who meet the attendance requirement will be awarded a *Certificate of Completion*.

## WHO SHOULD ATTEND THIS COURSE

Recommended for BIM modellers, BIM coordinators, project coordinators, designers, architects, engineers, project managers and professionals who are working on BIM projects.
